

SULLIVAN'S ISLAND SPECIAL NEEDS CITIZENS

Town Staff stands ready to provide extra assistance to elderly residents or those with special needs during a severe storm or threat of natural disaster. The Town maintains a list of elderly and special needs residents who might require extra assistance with hurricane preparation or evacuation, particularly if their family members do not live on Sullivan's Island.

The Town asks residents to self-identify their special needs. Staff would appreciate neighbors, friends and families advising the Town of a resident who might need extra assistance.

Please fill out the following information:

Resident Name: _____

Address: _____

Age: _____

Other family members residing in the house?: _____

Any pets? _____

Special notes: _____
